We are having a HUGE issue locating accident reports. When you are doing the intake it is imperative that you ask the person where the accident happened.....city, intersection, etc. Also, police department and ask if they have a police report number. We get thousands of reports and if we do not have it the intake department has to either call or fax a request or they pull it online.

I've been reviewing all new cases and a MAJOR issue I see is that we aren't getting enough info at the time of intake and that causes a massive amount of investigative work and makes us look stupid to the client.

Attached is a spreadsheet of what intake specialist is paired up with our pre-lit and lit paralegals. In addition are instructions on how to locate the pending police report spreadsheets.

Intake is responsible for following up on their paralegals police reports daily when the new case email is sent out as well as sending initial ER and hospital requests for their pre-lit paralegals. The will now also be responsible for requesting records for lit paralegals. Requests ONLY, nothing that requires them to be on the phones.

If you have any questions or concerns please see me.

Thanks.

We MUST send an investigator to sign up clients!! We cannot refer to Chiro and have them sign forms there. This is why we have investigators. We are losing too many cases doing this!!!!!!

If a client is already at the chiro's office then of course it is ok. Other than that send an investigator.

No faxing or emailing forms unless it is approved by Rob, Robert or I.

We have two intakes today that were referred to ASC and they are signing forms there. This shouldn't be happening unless the client cannot meet with Mike/Aaron/Chuck and they can only sign at chiro.

The cases today are in Akron. There should be no reason why an investigator cannot sign.

If you have questions about this, please see me.

Thank you.

Every time you do an intake you need to send an email to Rob, Robert, Holly, Sarah and I. EVERYONE needs to do this!! The email should list what the referral is, if you referred out for treatment and how it is getting signed up.

No exceptions!

Who did an intake for [REDACTED] I have signed forms from David Hogan and ZERO INFORMATION.

Whenever you do an intake from a chiro that the investigator is signing up and there isn't a pending intake you need to do an intake sheet. I have two cases sitting here right now and have no information to open them with.

Please advise.

Thanks.

I know we've had a lot of intakes today, but we still need to make sure we are handling them properly. Please make sure you are getting DOB & SSN, otherwise records and bills cannot be requested when the case is opened, which will then create more work for your paralegal. Note as much information as possible, the more info we have the easier it is to get opened. If the client is super concerned about something, note that. This is very important. If the client wants a rental car ASAP or the property damage needs handled\$. whatever it is, note it so that we can handle that portion immediately after the case gets opened. Signups MUST be on the calendar. I am positive that all of the signups for today aren't on the calendar. If you are having issues with this, please see me.

I've also noticed that signups aren't being scheduled for the same day as the intake. Obviously this isn't always possible, but always try your best to make that happen. This is a sure way to not get the case!!

Good Morning KNR Investigators. In an effort to get everyone on the same page please and to ensure that we are servicing our clients to be best of our ability please see the below criteria for doing sign ups. Please note that if this criteria is not met you will not be paid. When doing a sign up the following steps need to be taken...

- 1.) The subject line of your email should always contain the client(s) name
- 2.) The contingency fee agreement, patient authorization and proof of representation forms needs to be signed and dated as well as a discharge letter, if applicable. Keep in mind that we do have 1/3 and 1/4 fee agreements as well as 1/3 and 1/4 Spanish fee agreements. Should you need any of these emailed to you please let me know. The attorney will always advise you if we need 1/4 fee agreements signed, otherwise it will always be 1/3
- 3.) Photo(s) of insurance cards
- 4.) Photo of client (from the chest up)
- 5.) Photo(s) of ANY visible injuries (cuts, red marks, bruises, scratches, stitches, braces, casts, etc)
- 6.) Photo(s) of the vehicle
- 7.) Photo of police report (we send out direct mailers so a lot of the time the client will have the police report there with them).

You can use the above numeric format to add to the body of your email when sending the forms. If for any reason these items are not available then just note it accordingly in the body of your email. Again, this must be done by all investigators for all sign ups.

Please contact me with any questions / concerns.

Best Regards,

*Holly Tusko*

I think we should send this to the staff today. There were only 5 for Aaron and 2 for Mike and they have been corrected but we need to make sure this does not happen Any more going forward.

If a doctor calls in and asks for a specific attorney you RING THIS out to the attorney intake button. They do not get sent to any specific attorney. PERIOD, NO EXCEPTIONS unless Brandy, Rob or myself tell you differently.

If a doctor, like Dr. Sonich, calls in to give us a ³heads up² that a client is coming in that does not mean that the attorney that took down the name of this client will get the intake or the case. When the doctor calls and the patient is there with them, THAT is when the intake gets completed by the attorney that will get the case.

If you have questions please see me.

I have spent a significant amount of my day fixing referral mistakes. PLEASE make sure the information that you give and receive is listed on the intake sheet. Just this month alone there were 13 mistakes made by your regarding the referred to's. This cannot happen. I work hard to maintain a close relationship with chiropractors and I am in contact with most of them several times a day.

Furthermore, every single intake that gets done by attorneys, an email should be sent indicating what the referral is, where the case is referred to and how/when/who is signing case.

Intake, when an attorney does an intake for companions and they note they referred all clients to a chiropractor, make sure you are adding this info to ALL companions, unless it is a minor and the minor isn't going to the chiro. If you have questions about this, please ask the attorney.

I was unable to tell her how many we sent to her because this information was not in the referred to box in the case. Good afternoon,

Client:

Expense: \$750 for narrative report from Dr.

Client was involved in a three car, rear end collision. Her vehicle was the middle vehicle and was totaled as a result of the impacts. Although she was not taken from the scene, she did treat at the hospital shortly after the accident complaining of back pain, head pain, etc. and then began a course of treatment with Dr. Floros. Dr. Floros recognized fairly quickly that there appeared to be something more severe going on with the client's back and sent her for an MRI.

Dr. Ghoubril reviewed the MRI and determined that she had a herniated disc, annular tear and a nerve impingement. She was referred to who initially requested she undergo conservative treatment with Lababidi. After undergoing therapy and PM, and we back to approximately ten months later, underwent another MRI and ultimately, he performed a L4-L5 microdiscectomy.

Her medical bills total \$61,998.57.
RvB number is around \$39,000.

Policy limits case if Dr. Markarain relates the herniation/surgery.
Costs to date: \$1,106.87
Offer: \$32,000
Oasis loans: \$5,850 (principal)

Please let me know if you have any further questions,

I know that many of you already do this, but for those of you that do not, PLEASE put the intake on hold and call the chiropractor's office and set up the appointment for the client and then let the client know the time they need to be there. It is IMPERATIVE that this gets done.

Paralegals, when you do your first phone call with the client after the case gets opened, make sure the client went to see the chiropractor.

This happens frequently so we wanted to address this with all of you. When doing an intake, just bc they tell you they are treating with pcp, doesn't mean you shouldn't refer to a chiro. Always refer to a Chiro bc they can do both.

This is especially an issue in Youngstown.

I CANNOT express enough the importance of making sure that the referred by's are correct (regardless if it's chiros, directs, etc). I have been having to chase these down dally and correct A LOT of them.

If they received a direct mail YOU MUST ASK if they received a red bag on their door or if they received a mailer in their mailbox. They all have DVD's, magnets, etc so you MUST specify red bag or in the mailbox. There is a difference.

Thanks.

Subject: Objective Injury Case Assignments

Importance: High

From now on, objective injuries will not be distributed evenly. These cases will be distributed to the prelit attorneys that are doing intakes by percentage from the month before.

Youngstown objective cases will stay in Youngstown. Paul or whichever attorney who does the after hours intake, will get the case.

Please see below:

Percentage numbers from the month before, this is how we will distribute objective cases for the following month.

For example: Intakes October 488, but 339 were actually done by prelit attorneys. So...

Pelti	28	8%
Jason	52	15%
Josh	90	27%
Ken	35	10%
Paul	76	23%
Horton	58	17%

Should you have any questions about this, please let me know.

Why are we using the new firm rather than Preferred Capital? Brian is excellent at getting reductions on his loans to get cases settled.

Subject: Notes in Needles

Date: Tuesday, January 28, 2014 at 11:41:35 AM Eastern Standard Time

From: Brandy Brewer

To: Staff

Priority: High

Make sure you are noting EVERYTHING you do on a case in Needles. If an attorney gets a bar complaint, we may need to provide these notes. If you get fired on a case, these notes will come in handy. Attorneys, assignments for your legal assistants.....even things like that, put a note in Needles. Needles is a tool to help you. It not only is there to save you in a situation of a bar complaint or termination, put also to help you communicate with clients. The paralegals are able to read through your notes and give updates.

Someone came to me the other day and said that life would be so much easier if the attorney put notes in Needles. This person took a client call and told the client that the attorney has been leaving messages for the adjuster attempting to settle the case. The client responded, "what are you talking about, I spoke with the attorney and the case is settled." So the attorney didn't note that he/she spoke with the adjuster and the case was settled AND didn't note the client conversation.
