wrote a narrative report that I originally overlooked because our client's name was spelled wrong. This was sent over a week prior to the email going out that we aren't to issue report fees to anyone other than Floros or

I was wondering if it is okay if I issue this report fee since this was actually sent over before the change.

Please let me know.

Subject: Intakes....

Importance: High

I know we've had a lot of intakes today, but we still need to make sure we are handling them properly. Please make sure you are getting DOB & SSN, otherwise records and bills cannot be requested when the case is opened, which will then create more work for your paralegal. Note as much information as possible, the more info we have the easier it is to get opened. If the client is super concerned about something, note that. This is very important. If the client wants a rental car ASAP or the property damage needs handled...whatever it is, note it so that we can handle that portion immediately after the case gets opened. Signups MUST be on the calendar. I am positive that all of the signups for today aren't on the calendar. If you are having issues with this, please see me.

I've also noticed that signups aren't being scheduled for the same day as the intake. Obviously this isn't always possible, but always try your best to make that happen. This is a sure way to not get the case!!

From: Brandy Brewer

To: Attorneys, Prelit Support

CC: Ericka J. Schmidt

Priority: High

I had a chiropractor call me on Friday to review the number of cases she sent to us and we sent to her. I was unable to tell her how many we sent to her because this information was not in the referred to box in the case. I remembered that we did send her a couple of cases, but I wasn't sure of the details. This is why it is VERY important that this information is properly entered on the intake sheet. PLEASE make sure you filling in ALL information on the Intake sheet.

Thank you,

Brandy Brewer

I've requested this before.....can his checks please be sent out as they are requested? He drives me fucking crazy and I've wasted at least 30 minutes this afternoon tracking down his checks for him!!

He doesn't have as many as Floros so it shouldn't be that big of a deal, right?

Ladies,

I want to again stress the importance of requesting narrative checks!!! If you receive a narrative you MUST request a check.....if your attorney settles a case and the narrative check was never requested, it will be deducted from your bonus. This is a HUGE waste of time for Ericka and I when we get lists like this from doctors.

I need these checks to be requested IMMEDIATELY.

Per Rob, please start scanning his settlement approvals with notes to the client folder. This makes things easier b/c you have notes on the settlement memorandum that explain why the offer is so low. example: low impact, etc. At times, he needs to have this information readily available so he can discuss with chiropractor.

Please scan to client folder and label: ARN settlement approval.

2 very recent cases:

- We signed this one yesterday. He needed a loan for some bills so I gave him Lib Cap's #. He called me this morning saying that according to Lib Cap our office could not process the loan request because we had all left the office because of the storm.

- this is an objective we signed last week. The client called yesterday saying she didn't want us to rep her anymore because we told her we could get her a loan for her last insurance bill and car payment. She needed \$700 and was told by Brian at Lib Cap that we said that she should be approved for no more than \$500 (No one here spoke to Brian about the loan request).

I know that many of you already do this, but for those of you that do not, PLEASE put the intake on hold and call the chiropractor's office and set up the appointment for the client and then let the client know the time they need to be there. It is IMPERATIVE that this gets done.

Paralegals, when you do your first phone call with the client after the case gets opened, make sure the client went to see the chiropractor.

Oh I know. Neither of them told us about it. Ciro was going to waive. I discussed this with Robert and we decided to make attorneys pay because at some point we will need a favor from Ciro and need him to waive. I told Ciro next time they call and ask him that he needs to let me know. We will also address this at meetings. It's not up to the attorneys. It's up to you and Robert.

Please be advised that if the attorney on the case requests any investigator WHO IS NOT MIKE OR AARON to do something for a case that has already been opened.

I.E. Pick up records knock on the door to verify address they CAN be paid on a case by case basis depending on the task performed.

However, no checks for anything other than the SU fee should ever be requested without getting in-writing approval from the handling attorney, myself and/or Brandy.

Under no circumstances should any additional checks to MRS or AMC be requested other than at the time the case is set-up.

Tom: Tom admitted that he should've been more active with this case. This was an afterhours intake and it doesn't appear that he EVER spoke with the client. Opened the case on 12/17 and we were terminated on 1/13. In fact, there isn't even a note in the case that we got fired. RECOMMENDATION: since the case was fairly new.....I would suggest \$500? We are out the sign up fee of \$75, but no other expenses.

Importance: High

We are starting advertising Monday for a mass tort involving da Vinci Robotic surgeries. Please find attached the new form to be completed for these intakes. Please be sure you are filling out these forms in their entirety since Corey Watson relies upon them heavily to open their cases.

Da Vinci Robotic surgeries are being conducted across the country and are being very heavily utilized in Ohio. The machines are \$2 million and are sold to hospitals under the auspices that they are better for the patients because they are less invasive. Basically, the surgeon stands behind a control panel, and while looking at a screen, ³tells² the robot what to do. They are primarily used to perform hysterectomies, prostate removal, gastric bypasses, gall bladder removals and thyroid cancer surgeries. As you can imagine, the learning curve on the devices are quite high (the company's literature indicates that it can take a surgeon upwards of 250 to 750 surgeries to master the robot's use). Various injuries can be caused including burns from the electrical currents jumping out of the robot to tearing, puncturing and perforations of nearby organs and tissue.

Starting Monday, the intake department will obtain basic background information from callers who are responding to our ads. There is a ³DVR² case type which will be used. Attached is a screening form to be used by the attorneys when intake refers the da Vinci caller to an attorney.

Once the intake screening form is completed by the attorney, an investigator will handle the signups. They will have our fee agreement signed and leave a more detailed medical questionnaire for the client to complete. We will be teaming with Corey Watson in the handling of these cases, which is disclosed to the client on the fee agreement. However, for purposes of intake calls we are simply to advise the caller that we are the firm handling these cases, and not mention any co-counsel or the Corey Watson firm.

If you have any questions please see me, Rob, John or Holly.

Thank you!

If you do an intake and the person already has an appointment with a chiropractor we do not work with, either pull it and send to one of our doctors or call the chiropractor directly. You MUST do this on all intakes, otherwise the chiropractor will pull and send to one of their attorneys!

This happens frequently so we wanted to address this with all of you. When doing an intake, just bc they tell you they are treating with pcp, doesn't mean you shouldn't refer to a chiro. Always refer to a Chiro bc they can do both.

This is especially an issue in Youngstown.

We MUST send an investigator to sign up clients!! We cannot refer to Chiro and have them sign forms there. This is why we have investigators. We are losing too many cases doing this!!!!!!

If a client is already at the chiro's office then of course it is ok. Other than that send an investigator.

No faxing or emailing forms unless it is approved by Rob, Robert or I.
