AFFIDAVIT OF GARY MONTO

NOW COMES AFFIANT, Gary Monto, having first been sworn upon his oath, and states for his Affidavit as follows:

1. I am over 18 years of age, of sound mind, and otherwise competent to testify.
2. I served as a Patrolman for the Toledo Police Department for twenty years, retiring in 1986.
3. As part of my training for the Toledo Police Department I attended the Toledo Police Academy, where I received instruction in the investigation and documentation of motor vehicle collisions, including obtaining witness statements, diagramming crash scenes, and analyzing and applying Ohio traffic laws.
4. During my career as a Patrolman with the Toledo Police Department, I investigated approximately 2,500 to 3,000 motor vehicle, motorcycle and pedestrian collisions.
5. Since approximately 2014, I have performed investigative services for the law firm Kisling, Nestico and Redick ("KNR") as an independent contractor, and I am paid a flat rate for all services requested by KNR on a given case assigned to me. In addition to KNR, I have also worked as an investigator for another Toledo personal injury firm.
6. When I am assigned a case to investigate on behalf of KNR, in addition to meeting with a prospective client to obtain a signature on the KNR contingency fee agreement, I also perform the following tasks: obtain signatures on patient authorizations or Medicare "Proof of Representation" forms; interview the client about the collision and review the Ohio Traffic Crash report pertaining to the incident when available; identify the responsible party and any potential witnesses to the crash; obtain copies of any medical insurance information in the possession of the client; take photos of the client's vehicle when available and photos of any visible physical injuries; and collect and document any further information to pass along to the assigned attorney at KNR.
7. On a number of occasions after the original investigation is complete, I will be asked by KNR attorneys to perform additional services such as photographing the intersection of a crash, timing and documenting a traffic light sequence, obtaining additional property
