I know that many of you already do this, but for those of you that do not, PLEASE put the intake on hold and call the chiropractor's office and set up the appointment for the client and then let the client know the time they need to be there. It is IMPERATIVE that this gets done.

Paralegals, when you do your first phone call with the client after the case gets opened, make sure the client went to see the chiropractor.

If you do an intake and the person already has an appointment with a chiropractor we do not work with, either pull it and send to one of our doctors or call the chiropractor directly. You MUST do this on all intakes, otherwise the chiropractor will pull and send to one of their attorneys!

This happens frequently so we wanted to address this with all of you. When doing an intake, just bc they tell you they are treating with pcp, doesn't mean you shouldn't refer to a chiro. Always refer to a Chiro bc they can do both.

This is especially an issue in Youngstown.

I CANNOT express enough the importance of making sure that the referred by's are correct (regardless if it's chiros, directs, etc). I have been having to chase these down daily and correct A LOT of them.

If they received a direct mail YOU MUST ASK if they received a red bag on their door or if they received a mailer in their mailbox. They all have DVD's, magnets, etc so you MUST specify red bag or in the mailbox. There is a difference.

Thanks.

I need an ACCURATE list of charts and narratives needed from ASC by 5pm today!! Please make sure that you actually need the records, the case isn't a withdraw, the client is finished treating ETC.

I am trying to help you reach your submission goals! `!

From now on, objective injuries will not be distributed evenly. These cases will be distributed to the prelit attorneys that are doing intakes by percentage from the month before.

Youngstown objective cases will stay in Youngstown. Paul or whichever attorney who does the after hours intake, will get the case.

Please see below:

Percentage numbers from the month before, this is how we will distribute objective cases for the following month.

For example: Intakes October 488, but 339 were actually done by prelit attorneys. So...

Pelti	28	8%
Jason	52	15%
Josh	90	27%
Ken	35	10%
Paul	76	23%
Horton	58	17%

Should you have any questions about this, please let me know.

**Subject:** Notes in Needles

**Date:** Tuesday, January 28, 2014 at 11:41:35 AM Eastern Standard Time

**From:** Brandy Brewer

**To:** Staff

**Priority:** High

Make sure you are noting EVERYTHING you do on a case in Needles. If an attorney gets a bar complaint, we may need to provide these notes. If you get fired on a case, these notes will come in handy. Attorneys, assignments for your legal assistants.....even things like that, put a note in Needles. Needles is a tool to help you. It not only is there to save you in a situation of a bar complaint or termination, put also to help you communicate with clients. The paralegals are able to read through your notes and give updates.

Someone came to me the other day and said that life would be so much easier if the attorney put notes in Needles. This person took a client call and told the client that the attorney has been leaving messages for the adjuster attempting to settle the case. The client responded, "what are you talking about, I spoke with the attorney and the case is settled." So the attorney didn't note that he/she spoke with the adjuster and the case was settled AND didn't note the client conversation.
